## Commercial Offer

Our company is a supplier of cables, wires and conductors directly from manufacturing plants. Our partners produce more than 1,500 various types and sizes of cables and wires: power cables with a rated voltage up to 6 kV including those with XLPE insulation with cross-section up to and including 800 mm<sup>2</sup>, mining armoured power cables of 1.2 kV and 6 kV of installation flexible type of 5-6 grades, as well as fire-resistant cables for overhead mounting including types made of cross-linked polyethylene of ASX, ASXn grades and other cable and wire products. We guarantee the compliance of the offered products with DSTU.

All products are certified by the State Certification System UkrSEPRO, and pass quality control in a personal laboratory and are confirmed by corresponding certificate of quality for each batch of goods. It is also possible to order certification from an international independent company of your choice.

Our main advantages: Availability of large quantities of manufactured goods in stock, manufacturing customized products within the period from 5 days, 100% quality guaranteed products and our own logistic system throughout Ukraine and outside the country.

We are proud of our involvement in the implementation of the major large-scale construction projects in Ukraine. Our products are operated by enterprises of coal and defense industry, as well as seaports, nuclear and thermal power plants, machine-building and metallurgical plants, public utility and construction companies in Ukraine.

Since we are already well established a foothold in the Ukrainian market we would like to enter the global market as well. We are looking for partners outside the country for mutually beneficial long-term and successful cooperation.

If You are interested in this category of products we suggest contacting us or send Your requests to us by e-mail and we will contact You in the shortest time possible.

Yours sincerely!

Director
